FOR IMMEDIATE RELEASE

SEWAGE TO BE BILLED SEPARATELY FROM WATER STARTING OCTOBER

For more than five years, Upper St. Clair residents have been paying for their water and sanitary sewer usage together in one bill sent from Pennsylvania American Water Co. Starting this fall, the water company will discontinue billing for sewage nationwide.

Beginning October 1, 2012, Upper St. Clair residents will receive their sewage bills from Jordan Tax Service. It is critical to note this is not a new fee; the water bill will decrease by the amount of sewage bill and the sewage bill will instead come monthly from Jordan. It will continue to follow the formula set by the municipality and ALCOSAN based on household water consumption.

As another payment option, residents may pay the sewage bill in person at the Township Tax Office, located at 1820 McLaughlin Run Road, Upper St. Clair, PA 15241.

If a resident has a question about the new billing procedure, please contact Dan Berty of the Finance Department at 412-831-9000, Extension 202.
