

3D Printing **COMING SOON**

The Friends of the Library are providing our library patrons with access to a FlashForge Creator Pro 3D printer this spring. 3D printing empowers people to engage in creative learning, inspiring their interest in design and problem solving.

We are offering introductory orientation sessions and more intensive classes to help patrons build their own 3D printer competencies.

Watch for the new 3D printer on the adult floor—and thank the Friends of the Library for this exciting opportunity.

Jack Buncher Foundation Gift

Last December the Jack Buncher Foundation, a local Pittsburgh charitable organization, provided a grant to the Allegheny County Library Association to distribute \$3,000 to each member library in the county. We thank the foundation for believing so strongly in the value of libraries and for their generous support of our collective mission: to encourage lifelong learning and the pursuit of activities that enrich people's lives.

Kids Storytime Room Renovation

Thanks to the Friends of the Library!

The kids storytime room is in the process of renovation. New carpeting, blinds, and wall paint are freshening up the space. The Friends of the Library have purchased a large screen TV monitor with an Internet connection for the room. It will enhance the kids classes and storytime experiences. Digital resources for kids which are available through the library will be periodically featured as well.

Thank you Friends of the Library. You are Friends indeed!

Have Too Many Books?

The Friends resell gently used books in the library on an ongoing basis, hold sales periodically throughout the year, and have recently started an online bookstore.

Bring your books to the library. The Friends will find a new home for them, AND you'll have more room for new ones!
