

Spring 2013

Welcome to the Township of Upper St. Clair's new website! You'll find a host of information on Board and Commission meetings, recreation programs, library happenings, trash and recycling schedules, and much much more.

As we navigate through a Pittsburgh winter and into spring, there is still a lot to do in the Township. See the Library webpages for its many activities. Check out the Recreation department section which is busy all year 'round offering classes for every age group. The Upper St. Clair Seniors continue to meet every Wednesday. And a hike on the trails in Boyce Mayview Park is great fun (and exercise) any time of the year.

Plans are already underway for this year's Community Day, Saturday, May 18, 2013. If you've attended in the past, you know it's a highlight of spring here in Upper St. Clair. And if you're new to the community, plan to visit this year – it's a great time!

Check back often – our goal with this website is to keep everyone informed about Upper St. Clair. This is a great community that offers something for everyone.

Matthew R. Serakowski
Township Manager
