

## Summer 2015

### Get Outside – It's Summer!

Did you know that almost one-third of Upper St. Clair is parkland? Many Township residents are aware of the 475+ acre Boyce Mayview Park that is home to the Community & Recreation Center, playing fields, the Miracle League Field and Playground, The Outdoor Classroom, and miles of trails. But, additionally, in this 10 square mile community, there are over 20 recreational sites.

Enjoy all that the Township offers. In the last few years, Municipal Park on McLaughlin Run Road (next to the Library) has seen new play structures. The renovations at Wiltshire Park have resulted in great excitement for park users and Clair Park is experiencing upgrades this season. Additionally, **The Clubhouse**, an all-accessible playground located within Boyce Mayview Park, was dedicated in May of this year.

So get outside – run, walk, hike, swing, climb, swim, golf, play tennis, and more – it's all in your community!
