NEIGHBORHOOD PARKS

The splash pad at Wiltshire Park was down for a day – due to sand being dumped in the drain. Public Works had to flush the drain to get it working again. The hockey court surface was repainted in May, however there was an issue with the paint adhering to the surface. Public Works is working with the contractor to have this corrected later this year.

The splash pad at Hays Park was also down for a few weeks due to a part replacement. The pad is now up and running.

Brynwick and Johnston tennis courts have been painted and the nets have been reinstalled.

The Southern and Phase 1 of the Morton road Perimeter Trail projects are approximately 95% complete. Public Works is working with the bonding company to complete the project. Gary Schaffer presented to the Board of Commissioners the Phase 2 of the Morton/Gardens Project. The project will be advertised in November.
