Three Hole Golf

The Three Golf Holes on McLaughlin Run Road will be open into the fall and again in the early spring, weather and conditions permitting. Golf course supervision will take place from the Tennis/Golf Administration Building. All golfers must check in with the supervisor on duty prior to playing. Golfers under the age of 10 must play with an adult.

The three golf holes are open only when a supervisor is on duty. Players are expected to replace divots and ball marks and to leave the vicinity of the green after putting out. At the Tennis/Golf Administration Building, golfers may pay a per-round fee or purchase an all-day pass which enables golfers to play as many times they wish on the day the pass is purchased. Additionally, golfers may purchase a coupon punch card (good for 10 three-hole rounds with no expiration date). **All payments made at the Tennis/Golf Administration Building must be made via check or money order.** The 10-round coupons are also available for purchase at the Community Recreation Center (payment by cash, check, money order, or credit card).
