

Coming Soon!

The Community Recreation Center (CRC), a 90,000 sq. ft. fitness, aquatics, recreation and community center, is surrounded by 475 acres of nature and outdoor recreation in Boyce Mayview Park. The Grand Opening is scheduled for June 2009 and many soft opening events will be offered prior to the Grand Opening. The event schedule may be viewed at www.livesmarterplayharder.org. We look forward to seeing you and your families this summer!

CRC Hours of Operation

Indoor Facility*

Monday – Thursday 5:30 a.m. – 10:00 p.m.

Friday 5:30 a.m. – 9:00 p.m.

Saturday 6:30 a.m. – 5:00 p.m.

Sunday 12:00 p.m. – 5:00 p.m.

Outdoor Aquatics Facility**

Monday – Sunday 11:00 a.m. – 7:00 p.m.

Boyce Mayview Park

Monday – Sunday Dawn to Dusk

Community Recreation Center
Live Smarter Play Harder
1551 Mayview Road
Upper St. Clair, PA 15241
www.livesmarterplayharder.org

The CRC will be closed on New Year's Day, Easter Sunday, Thanksgiving, and Christmas Day. Special holiday hours will be scheduled for Memorial Day, Independence Day, Labor Day, Christmas Eve, and New Year's Eve.

* Indoor Aquatics Area closes 15 minutes prior to building closing.

** Hours of operation for the Outdoor Aquatics Center are subject to change, without prior notice, if the CRC deems necessary for maintenance, inclement weather and all suitable reasons for the best interest of its members and visitors.

Architecturally, the Community Recreation Center forms a bridge between the outdoors and indoors. The exterior was designed to integrate with the Boyce Mayview Park setting and appear as a park structure with natural exterior materials: brick, cultured stone, a wood-like siding and generous amounts of glazing to allow views into the building during the evening. In addition, this affords daytime participants spectacular views of the surrounding hills, park, woods and fields during the four seasons of the year.

To minimize energy usage, well-thought-out "green" design elements have been utilized throughout the facility such as thermal-efficient glass, super insulated building shell, and the use of natural light and high-efficiency mechanical units, to name a few. The use of high recycle requirements on specific interior finishes and the use of native plantings and low water consumption species have also been noted as "green" design elements.

The CRC features many amenities throughout the facility:

First Floor

The center's first floor offers a large community gathering area, two exercise classrooms, senior/teen lounge, child care room, two poolside party rooms in addition to a 3600 sq. ft. community room, men's/women's lockers, family changing rooms and full size gymnasium. The large gymnasium can be subdivided and used for numerous recreation programs for all ages, such as volleyball, basketball, badminton, after-school programs, summer camps, teen events, and many others.

The Indoor Aquatics Center hosts an interactive water structure and gadgets, slides, tots area, handicap lift, four-lane lap pool and large whirlpool. Especially attractive to seniors is the zero depth entry to the pool and the indoor therapeutic resistance pool/lazy river which can be used to walk against the water's currents for low-impact exercise. The resistance pool also includes a vortex for an intense workout and underwater benches for relaxation.

Second Floor

The second floor contains a state-of-the-art fitness area (10,000 sq. ft.) with Hammer Strength, Life Fitness and Espresso exercise equipment. The cardio equipment as well as the Espresso Bikes offer virtual trainers with an abundance of course and workout options. The low impact 1/8 mile walking/jogging track will overlook the first floor amenities as well as many outdoor view corridors.

Outdoor Aquatics Area

Encompassing a total of 28,000 sq. ft., the Outdoor Aquatics Area hosts 6,000 sq. ft. of water with zero depth entry, interactive water structures and gadgets, tot and teen slides, lily pads, handicap lift, three-lane lap pool and underwater benches. Surrounding the aquatics area are a grassy lawn and sand play area, covered pavilions, vending machines and separate outdoor men's/women's locker rooms and family changing rooms.
