PROJECT OVERVIEW

PROJECT OVERVIEW

PROJECT OVERVIEW

Anticipated Project Schedule

Preliminary Engineering Begin: Jan. 2021

Start Final Design: Spring 2022

Start Construction: Spring 2024

Complete Construction: Fall 2025

PROJECT OVERVIEW

Purpose

The purpose of the project is to re-establish the existing deteriorated roadway surface, and provide accessibility to all users of the transportation / pedestrian facilities.

Needs

Physical deficiencies of the roadway. The roadway slope is failing and creating an unsafe condition. The road is currently operating without any lane closures, but a permanent lane closure would be needed should it continue to deteriorate. Existing sidewalks are discontinuous and do not meet current ADA standards.

PROPOSED DESIGN

PRELIMINARY

PROPOSED DESIGN WITH SOLDIER PILE WALL

PROPOSED DESIGN

PROPOSED DESIGN WITH OVER EXCAVATION AND ROCK

SECTION 4(f) / SECTION 2002

- In Pennsylvania, there are both federal and state laws that govern the use of land from publicly owned parks, recreation areas, refuges, and historic sites for transportation projects.
- Chartiers Park is a Section 4(f) / Section 2002 property owned by Bridgeville Borough located within the proposed project area.
- Based upon the project design there will be a “use” of the Section 4(f) / Section 2002 property through the permanent acquisition of right-of-way needed to construct the project (14,510 square feet of property acquisition).
- This “use” of Chartiers Park is being considered de minimis as it does not appear to adversely affect the features, attributes or qualities that qualify Chartiers Park for protection under Section 4(f) / Section 2002.
- Under Section 4(f) / Section 2002, the public must be afforded an opportunity to review and comment on the effects of the project on the protected activities, features, and attributes of the property.
- If you have any comments or concerns related to project impacts to Chartiers Park, contact:
- Mark Young, District Environmental Planning Manager: (412) 429-4858
- Todd Crouch, Environmental Supervisor – NEPA: (412) 429-5037

SECTION 4(f) / SECTION 2002

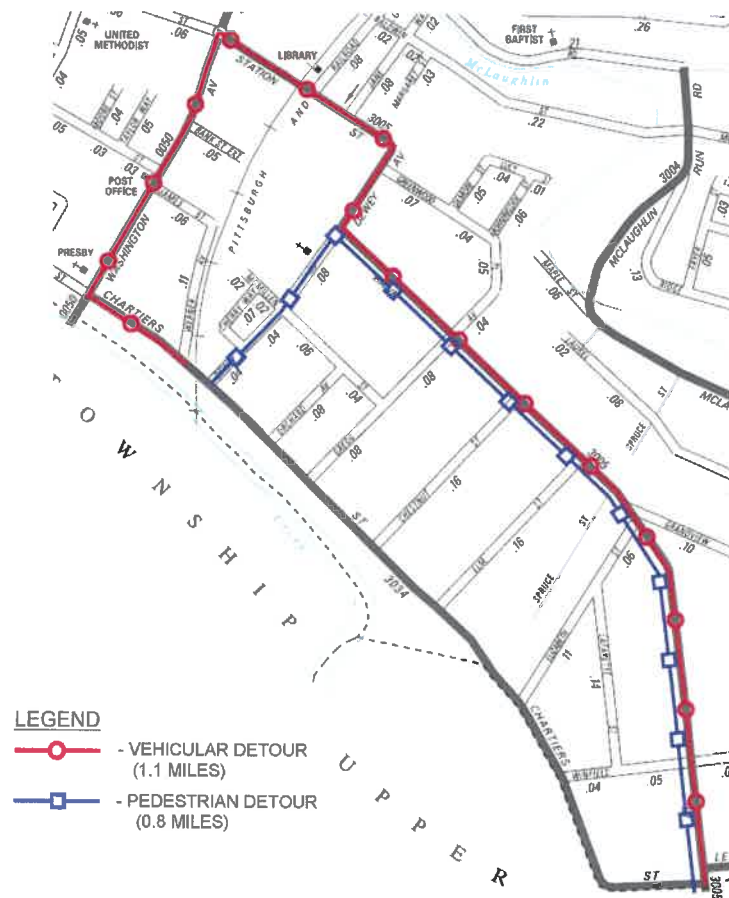

PRELIMINARY

TRAFFIC CONTROL

Chartiers Street (SR 3034) Detour

NEXT STEPS

- Please Complete a Comment Form on PennDOT's Website:

- The Recorded Public Meeting Presentation will be posted on PennDOT's Website.
- Project plans and hard copy comment forms are available at the Bridgeville Borough Building and at the Upper St. Clair Township Building.

THANK YOU
